1. The following is an examiner's statement of reasons for allowance: Applicant states in Paper No. 9, page 3, lines 22-27 that the "invention allows for a double dosing of temozolomide per dose cycle, which allows for a shorter rest period as well as a lower maximum dose level. Applicant's invention allows for a higher total dose per month, which is a desirable goal when treating patient's afflicted with cancer. There is no teaching or suggestion of using the method of the pending invention".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jerome D. Goldberg whose telephone number is (703) 308-4606.
